b) Industry Structure and Development

▪ Global Economy

The global economy demonstrated robust growth over the last year, defying widespread recession fears that loomed over developed nations in 2023. Throughout the past seven quarters, systemically important G20 nations have maintained an average growth rate of approximately 2.5%.

However, the growth narrative was not uniform across the board. While some European countries like Germany and the United Kingdom faced economic contractions, emerging markets exhibited a more dynamic trajectory. Notably, countries such as Russia, China, and Indonesia reported significantly higher growth rates. India, in particular, emerged as a frontrunner, leading the growth charge among its peers.

Even the United States, where a recession was widely anticipated, managed to outperform expectations, further contributing to a positive global economic outlook. This diverse economic performance across various regions highlights the complex interplay of regional policies, market dynamics, and consumer behaviors influencing the global economy.

ANNUAL REPORT 2025-2026

As we navigate the evolving economic conditions, it is imperative for businesses and investors to consider these disparities and their potential implications on global markets and investment strategies.

▪ Indian Economy

The Indian economy has witnessed profound positive transformation in the last ten years. The Indian economy has showed resilience and strong growth across sectors and continues to be among the fastest growing economies in the world. The accelerated pace of economic reforms and strong domestic consumption have led to higher and sustainable growth of the Indian economy and strengthened its position in the world. The geopolitical tensions, supply chain disruptions, high inflation, and tighter monetary conditions were some of the challenges for the economic recovery.

c) Outlook

We are a Non-Deposit taking Non-Banking Financial Company (NBFC-ND) registered with RBI to carry on the NBFI activities under Section 45IA of the Reserve Bank of India Act, 1934 bearing Registration no. 07.00211. We are engaged in a diverse range of products catering to the financial services sector directly through our own Company.

Our Company is concentrating mostly on Trading in Shares. The growth of the industry had faced very critical times due to depreciation in the Indian rupee and partly due to political reasons. So the Stock markets and other financial sectors had gone through very tough times and had to content with the stagnation. The price rise and other national and International factors have also contributed to the stagnated growth of the Indian Capital Markets. Under the above circumstances, our Company's performance for the year ended was moderate.

The present outlook in the Capital Markets seems to be encouraging when compared to the previous year environment and the Company is expected to do well in the coming years.

Your Company is committed to addressing the changes boosted by its strengths in market position, agile execution capabilities, robust early warning systems and extensive use of analytics for risk mitigation and resource allocation. It will ensure to take advantage of the tailwinds that may emerge during the course of the year. The stringent regulatory norms governing the functioning of the business sector and certain government restrictions act as hindrance in smooth functioning of Business.

e) Business performance and Segment Reporting

The Company is engaged in investment activities during the year under review, hence the requirement of segment-wise reporting is considered irrelevant.

f) Internal Control System and its adequacy

ANNUAL REPORT 2025-2026

The system of internal control has been established to provide reasonable assurance of safeguarding assets and maintenance of proper Accounting records and its accuracy. The business risks and its control procedures are reviewed frequently. Systems audit is also conducted regularly to review the systems with respect to Security and its adequacy. Reports are prepared and circulated to Senior Management and action taken to strengthen controls where necessary.

g) **Risk Management**

The Company has a strong Risk Management System for identification, monitoring, mitigation and reporting of the risks associated with its operations. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the consolidated financial statements, financial statements and our auditor's report thereon.

Our objectives are to obtain reasonable assurance about whether the annual financial statements as a whole are free from material misstatements, whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists.

- Identify and assess the risks of material misstatement of the annual financial results, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtained audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omission, misrepresentation, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion through a separate report on the complete set of financial statements on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness and reasonableness of disclosures made by the Board of directors in terms of the requirements specified under Regulation 33 of Listing Regulations.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting and, based on audit evidence obtained whether material uncertainty exists related to events or conditions that may cause significant doubt on the appropriateness of this assumptions. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in financial results or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the annual financial statements, including the disclosures, and whether the annual financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

ANNUAL REPORT 2025-2026

Annexure – B to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **M/s. Arihant's Securities Limited** ("the Company") as of 31 March 2026 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

ANNUAL REPORT 2025-2026

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

A company's internal financial control over financial reporting includes those policies and procedures that

1. Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
2. Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
3. Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal

ANNUAL REPORT 2025-2026

financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2026, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
